

# Sixpenny Handley First School

## Our School Aims

At Sixpenny Handley First School we aim to educate all our children and help them to grow up to lead safe, happy, healthy and successful lives. We do this by ensuring our Learning Qualities drive our curriculum and develop the child as a whole across all areas of the curriculum. We want our children to be Scientists, Artists, Mathematicians, Geographers, to name but a few!

Our Learning Qualities reflect not only what our children do in school but prepares them for outside of school and encourages learning in everything that they do – Learning Qualities for life!

## SIXPENNY HANDLEY FIRST SCHOOL - LEARNING QUALITIES
